

COMMUNICATING WITH IMPACT

Key Principles Self-Evaluation

Interpreting Your Scores and Analyzing Your Results

A graph of your scores appears below. It will help you see the Key Principles in which you rated yourself high and those which you rated yourself low.

Refer to the score ranges at right to interpret your scores for each Key Principle.

Note:

Once you've analyzed your results, **close this window** to return to the course.

Scoring Range and Interpretation

5–15=Low—a potential area for development

16–20=Moderate—an area of focus for continued improvement

21–25=High—a strength to leverage

Based on your results, identify **one or two** Key Principles that you can develop to communicate more effectively. They may not be your lowest rated, but they should be ones that will help you enhance your impact. ⓘ

Print this results page, mark the Key Principles you will develop, and keep the page handy during the rest of the course.
